
Key data: Key national and cross-national surveys

The webinar will begin at 3pm

- You now have a menu in the top right corner of your screen.
- The red button with a white arrow allows you to expand and contract the webinar menu, in which you can write questions/comments.
- We won't have time to answer questions while we are presenting, but will answer them at the end
- You will be on mute throughout – we can't hear you.

Key national and cross-national surveys

Can you hear us?

If not:

- Check your volume, and that your speaker/headset is plugged in
- Click on audio to change to listening via phone
- We are recording this webinar – we plan to put it on our website

Today

- UK Data Service
- survey data
- documentation and tips
- demo
- questions:
 - type in anytime but answers at the end

What is the UK Data Service?

- a comprehensive resource funded by the ESRC
- a single point of access to a wide range of secondary social science data
- support, training and guidance

Our main data types

UK Surveys

- Data from individuals and households on many topics

Cross-national surveys

- Data from individuals and household in different countries

Longitudinal

- Major surveys following individuals over time

International databases

- Multi-nation aggregate data

Census

- Census data 1971-2011

Business

- Microdata and administrative data

Qualitative

- Range of multimedia qualitative data source

UK Data Service

Key surveys

- individuals or households
- government, ONS or NatCen
- large sample sizes
- nationally-representative
- repeated cross-sectional surveys

NatCen
Social Research that works for society

Topics and surveys

Employment and work

- Labour Force Survey
- Annual Population Survey
- European Working Conditions Survey

Health

- Health Survey for England
- Scottish Health Survey
- Diet and Nutrition surveys

Family Finance

- Family Resources Survey
- Living Costs and Food Survey

Crime

- Crime Survey for England and Wales
- Scottish Crime and Justice Survey

Attitudes and opinions

- British Social Attitudes Survey
- NI Life and Times Survey
- Eurobarometer
- European and World Values Surveys

Housing and the local environment

- English Housing Survey
- Living in Wales

Accessing the data

Download

- Download datasets and documentation
- Access through a package such as SPSS, STATA or R
- Different formats: SPSS, STATA and Tab

Online access via Nesstar

- Browse variables and metadata
- Simple data analysis
- Export tables and graphs
- Download subsets of data

British Social Attitudes Survey

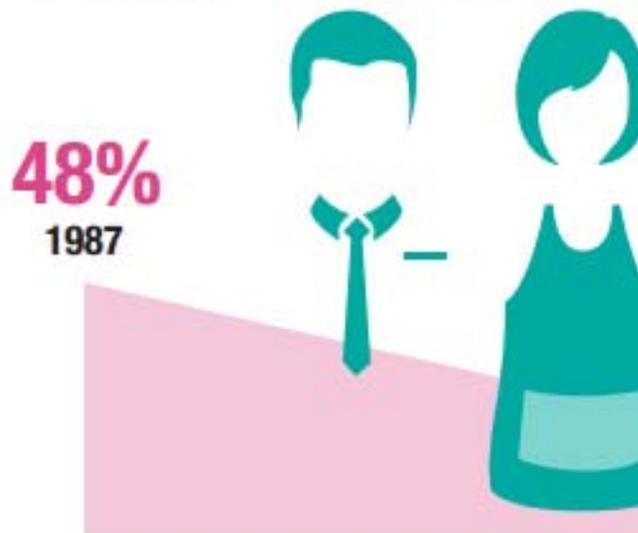

- annual measures of public attitudes
- patterns of continuity and change
- ~3,000 people interviewed most years since 1983
- 'core' questions, which are repeated in most years: background and classificatory questions
- modules on a range of social, economic, political and moral issues - some asked regularly, others less often

Poll

Attitudes to gender roles

Support for a traditional division of gender roles has declined over time, though substantial support remains for women having the primary caring role when children are young.

UK Data Service

Poll answer

Attitudes to gender roles

Support for a traditional division of gender roles has declined over time, though substantial support remains for women having the primary caring role when children are young.

UK Data Service

Quarterly Labour Force Survey

- Key government survey about employment and the workforce
- Measures employment, unemployment and economic activity
- Plus a wide range of related topics such as occupation, training, hours of work and personal characteristics of household members aged 16 years and over
- Quarterly survey from 1992- with ~60,000 interviewed per quarter
- As well as the main survey, several sub-sample and derived datasets are also produced, including longitudinal series and a Eurostat version of the dataset

UK unemployment and employment statistics

UK jobless rate falls to 5.6%, lowest since 2008, but pay still sluggish

Economists say fall in unemployment is still not feeding through to consumers in the form of higher wages

SERIES ABSTRACT

The Labour Force Survey (LFS), which began in 1973 as an annual survey, is a unique source of articulated information using international definitions of employment and unemployment and economic inactivity, together with a wide range of related topics such as occupation, training, hours of work and personal characteristics of household members aged 16 years and over. From March 1992, quarterly data were made available and the survey became known as the Quarterly Labour Force Survey (QLFS). As well as the main survey, several sub-sample and derived datasets are also produced, including longitudinal series and a Eurostat version of the dataset.

- GN 33316 | LABOUR FORCE SURVEY FIVE-QUARTER LONGITUDINAL DATASETS, 1992- 
- GN 33366 | QUARTERLY LABOUR FORCE SURVEY EUROSTAT DATASETS, 1999- 
- GN 33378 | QUARTERLY LABOUR FORCE SURVEY: SPECIAL LICENCE ACCESS, 2003- 
- GN 33399 | LABOUR FORCE SURVEY ANNUAL EUROSTAT DATA SETS, 1999- 

UK Data Service

Health Survey for England

- General health, longstanding illness, smoking and alcohol
- core questions every wave + each year focuses on a disease or condition or population group revisited later at appropriate intervals in order to monitor change
- Annual survey, run since 1991
- Currently ~11,000 interviews a year
- The survey combines questionnaire-based answers with physical measurements and the analysis of blood sample

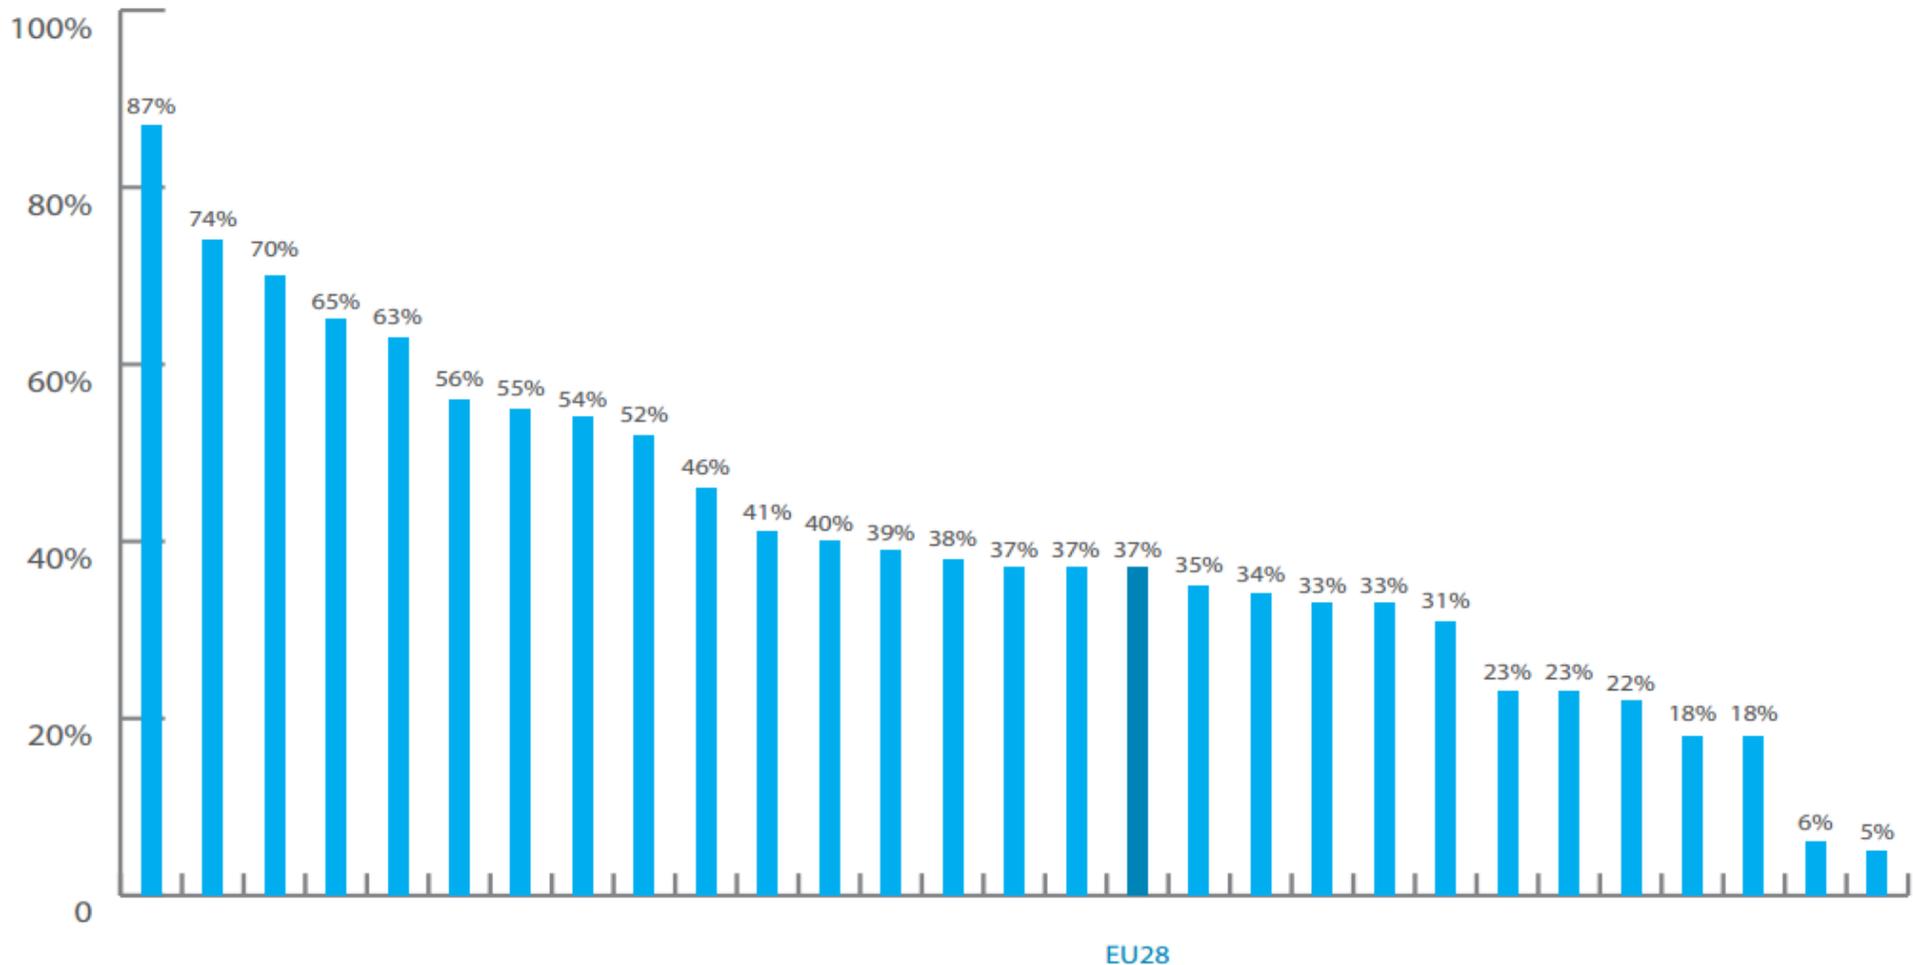

Eurobarometer

- European Commission
- monitors social and political attitudes
- since early 1970s
- individual level data
- face to face interviews with individuals in each of the EU countries
- more information and access to the data via the German data archive (GESIS)

Poll: Difficulties in paying bills at the end of the month, EU countries in 2013

Tip 1: Survey documentation

- Questionnaires, user guides, technical reports, details of derived variables
- Key to understanding the data.
Tells you about...
 - The questions that were asked
 - Who answer the questions
 - How the survey was conducted
 - Any changes to the raw data
- Freely available on our website

Tip 2: Survey weights

- often needed with survey data
- variables in the dataset
- make the sample data better represent the population
- easy to use in statistics packages
- details will be in the survey documentation

See our guides: 'What is weighting?' , 'An introduction to using weights in social surveys (Video)' & 'How to use weights in Nesstar (Video)'

Live demo

- How to find survey data
- Catalogue pages: getting information about the survey
- How to download the data
- How to view and do simple analyses with the data online using Nesstar

Access conditions

Data Type	Access conditions
Open access <i>Small number of teaching datasets</i>	Open access
End User Licence <i>Most research datasets</i>	Requires registration and user name and password UK academics and students login using their institutional username and password
Special Licence <i>Most survey microdata with lower level geography</i>	Restricted to 'Approved Researchers' under the Statistics and Registration Act
Secure access	Restricted to 'Approved Researchers' and access limited through a physical or virtual environment
